¹ In *Delgar v. Schulyer*, 172 USPQ 513 (D.D.C. 1971), the court decided that the Office should mail a new Notice of Allowance in view of the evidence presented in support of the contention that the applicant's representative did not receive the original Notice of Allowance. Under the reasoning of Delgar, an allegation that an Office action was never received may be considered in a petition to withdraw the holding of abandonment. If adequately supported, the Office may grant the petition to withdraw the holding of abandonment and remail the Office action. [MPEP 711.03(c)].

DECLARATION OF MARY ANN REED

I, Mary Ann Reed, declare as follows:

- I have been employed by Fish & Richardson P.C. since February 23, 1998.
 During the time in question I was the Docketing Administrator in the Patent Services
 Department.
- 2. When mail is received by Fish & Richardson P.C. from the U.S. Patent and Trademark Office ("PTO"), the mail is entered and docketed into the Fish & Richardson P.C. computerized docketing system and entered into a manual log of all PTO mail received to date. It is then sent to the attorney in charge of the case for entry into the file.
- 3. According to our docket system the case identified as U.S.S.N. 09/749,215 filed December 27, 2000 corresponds to client/matter number 10559-367001.
- 4. I have checked our computerized docketing system and found that the Non-Final Office Action dated March 16, 2005 correspondence concerning the above-captioned case was not entered or docketed.

5. I have checked our manual log (Exhibit A) for the period of time from March 1, 2005 through March 31, 2005 and there is no record of ever receiving the March 16, 2005 PTO correspondence.

6. I have checked copies of our docket printout (Exhibit B) showing docketing deadlines occurring on June16, 2005, the due date. Each entry in Exhibit B identifies the docketed date; the Fish & Richardson reference number; the U.S. Serial Number; a description of the action; and a description of the type of deadline. For application U.S.S.N. 09/749,215, if we had received a Non-Final Office Action dated March 16, 2005 I would have expected to find a docketed due date of June 16, 2005 for "RESPONSE TO OA". I did not find such docket entries in Exhibit B.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patents issued thereon.

Respectfully submitted,
